About.

US.

Gather Coffee first opened its doors in June 2024, driven by a passion for coffee and a desire to grow the coffee culture

In September 2024, we launched our second location, which became our flagship store in Bryanston. Our commitment to sharing this culture found a perfect home at the Bryanston Sports Club, where we've become part of a vibrant community.

We are now excited to expand further with our third venue at Shepherd's Market in Craighall Park, a space that captivated us with its intimate, observatory-like atmosphere.

Our vision is to build a franchisable business model that brings people together over great coffee and shared experiences.

Speciality Our Roast

YAAWK

We partnered with YAAWK Coffee Roasters to develop a custom roast for our brew.

GATHER COFFEE
BLEND

Tasting Notes

Dark Chocolate
Almonds
Orange Citrus

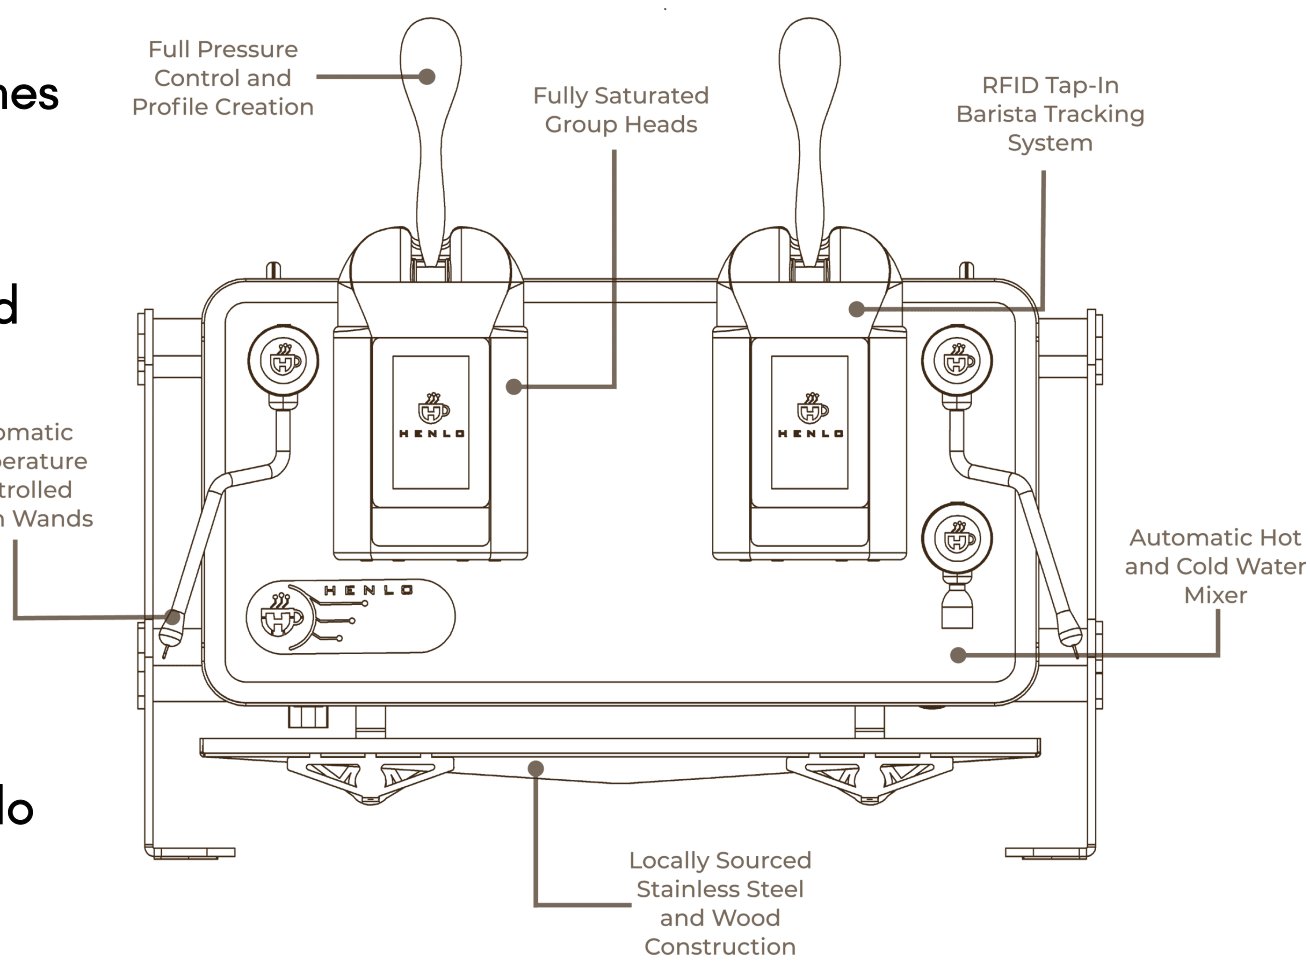

GATHER.C° x ycr

We believe coffee is an experience, and the roast is a crucial component.

YAAWK shares our commitment to community and coffee culture, ensuring every cup delivers a complete experience.

Our decision to use Henlo machines was an easy one—driven by their consistent quality and precise brewing. Their modern design and innovation ensure every cup meets our high standards, aligning perfectly with our commitment to an exceptional coffee experience.

Being proudly South African, Henlo was the perfect choice for us!

Look & Feel.

We design our spaces with clear intent. Nude tones, striking blacks, and bright whites set a bold backdrop.

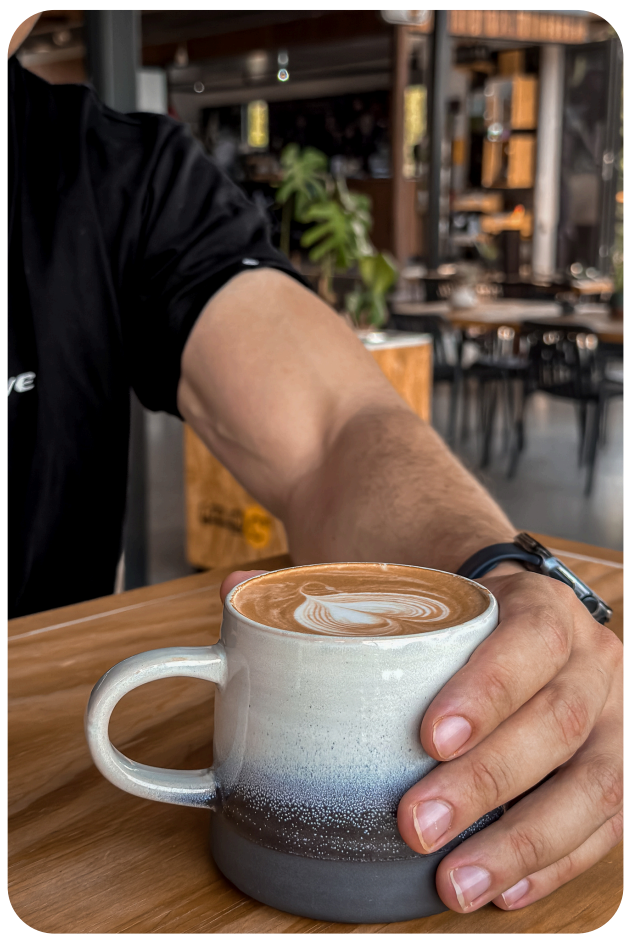

Live plants add a fresh, organic touch.

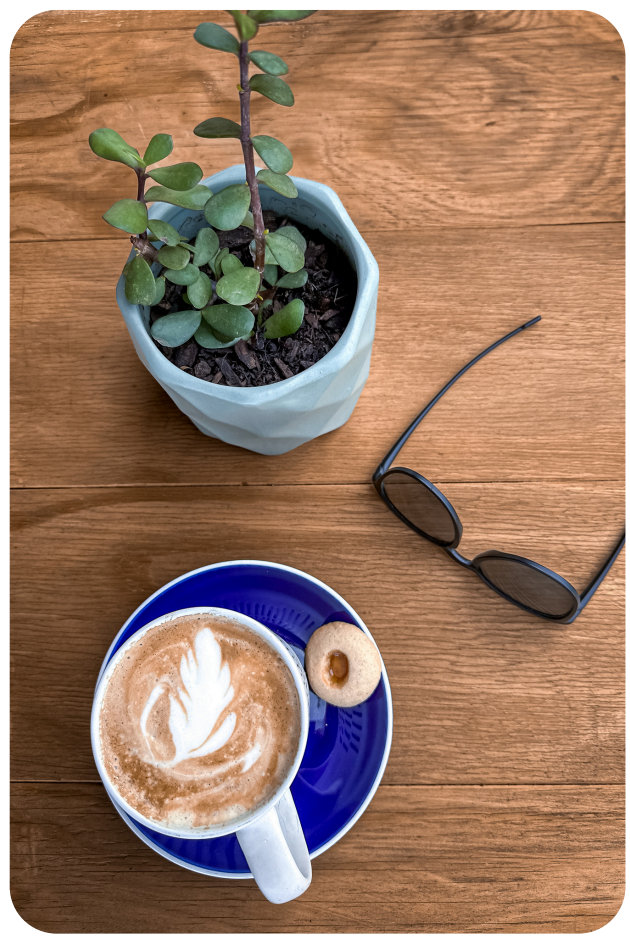

Our event setups mirror this style to create an inviting atmosphere for your gatherings.
